# ANNUAL REPORTS

## DEERING

NEW HAMPSHIRE

1975

The election of Town Officers will be held Tuesday, March 2, 1976, from 1:00 P.M. to 7:00 P.M. (Article 1), and the business meeting of the Town from Article 2 forward will be held Thursday, March 4, 1976, beginning at 7:00 P.M., both at the Town Hall in Deering (by authority of vote of the Town at the 1972 Annual Meeting). While non-resident taxpayers are not authorized to vote, they will be welcome at the business session of the Town Meeting on Thursday, March 4.

## DEERING VOLUNTEER FIRE DEPARTMENT

A home for the Deering Volunteer Fire Department, long a dream of the citizens of the Town, finally became a reality in 1974. Appropriately enough, this development coincided with the bicentennial celebration of Deering as an incorporated township. An ideal location for a modest building was generously offered by citizen Daryl McQuirk. Fire Chief William Dumais, overseer of the project, organized a work schedule to take advantage of the voluntary services of the many individuals responding to the invitation to be of assistance. Townspeople as well as interested persons from neighboring villages, some skilled professionals, others just wanting to offer a helping hand, joined forces in the cooperative effort.

Today, the Deering Fire House, built by volunteers, as were so many colonial structures of yesteryear, stands as a fitting memorial to the heritage of the past.

## SELECTMEN'S REPORT

Rising costs steadily erode the Town's purchasing power. Thus in 1976, we find it necessary to estimate a budget of \$25,726.02 more than estimated for 1975. On the brighter side, however, Town expenses in 1975 were less than appropriations by \$14,788.86. This amount returned to the General Fund gives the Town an overall surplus of \$32,712.83. This aggregate amount will substantially reduce anticipated increases in School costs, the County assessment, Town expenses and Open Space acreage. While on the subject of Open Space, the State Department of Revenue Administration calculated that Deering's tax rate in 1975 would have been \$4.40 less per thousand had there been no Open Space. The tax rate would have been \$22.40 per thousand instead of \$26.80.

Following below are the Board's comments and explanations of the various Warrant Articles. Your Selectmen must estimate sufficient funds to meet needed and statutory Town expenses while at the same time keeping the budget as low as possible to reduce the tax burden. Any surplus appropriation is returned at the end of the year to the General Fund to reduce the next year's taxes.

Article 4. The amount estimated for Town Officers' Salaries is increased \$500. to allow increasing the Town Clerk - Town Treasurer's and the Tax Collector's salaries \$300. each. We also estimate an additional \$1,200. for Town Officers' expenses reflecting rising postal, printing, publishing and office costs.

Article 5. This being an election year, we estimate an increase of \$300. in Election and Registration expense.

Article 6. Only a modest increase of \$200. for the upkeep of Town Buildings is being requested. This article provides for the heating, lighting, cleaning and maintenance of the Town Buildings. Additionally we are requesting an appropriation of \$1,000. for repainting the Town Hall.

Article 7. We support this article.

Article 8. Continuing the improvements to the Town Hall as outlined in the Article will cost approximately \$10,000. To date we have rebuilt the foundation, reroofed the building, pointed up the chimneys, insulated the walls and second floor ceiling and installed aluminum storm/screen windows.

Article 10. The Police Department estimates an \$8,500. appropriation will provide adequate police protection. This is an increase of \$1,000. over last year and will provide for modest pay increases for our Chief and Special Officers and increased transportation expense.

Article 11. Should the Town vote to purchase a police cruiser, 60% of the costs of such a vehicle would be paid for by the Town and 40% by the Highway Safety Commission.

Article 16 Tree trimming has been deleted as a separate warrant article and, instead, has been included in the amount estimated for Summer Roads.

Article 18. We are not receiving as much from Federal Revenue Sharing as previously, hence the decrease in the total entitlement from \$11,000. last year to an estimated \$8,000. in 1976. There is some indication that this may be the last year we receive these funds as the Revenue Sharing Act of 1972 expires at the end of 1976.

Article 24. We support this article.

Article 25. We do not support this article.

Article 27. We wish to remind the voters that changing a road to a "scenic road" could generate maintenance problems.

Article 35. The petition set forth in this article was not very specific and consequently the Board was unable to indicate a specific amount to raise and appropriate. Codman Hill Road is not currently maintained by the Town. It is steep, muddy, and the trees along both sides need cutting. But year-round residents do reside on it. Just what and how much to be done should be discussed.

Article 36. Other towns have been successful in obtaining surplus fire fighting and highway equipment. Your Selectmen would like to investigate this possibility.

Respectfully,

PETER H. BEANE  
ROLAND F. COTE  
THOMAS G. ALLEN

## CIVIL DEFENSE REPORT

Civil Defense activities for 1975 consisted of updating personnel rosters, submitting local civil defense plans to the State so as to qualify for surplus equipment from federal sources and attending meetings and briefing sessions pertaining to civil defense.

Also during 1975 I met with several members of our fire department and discussed informally areas in which the two departments could cooperate for the benefit of both.

## N.H. REGIONAL PLANNING COMMISSION

In 1975 Deering received a great deal of help from the Central New Hampshire Regional Planning Commission. We called on the Director, Mr. Charles Clifford, on numerous occasions to attend meetings here and provide information on the Federal Flood Plain Insurance Program. We have also availed ourselves of his help on many other matters throughout the year. Mr. Tom Anderson, another member of the staff, attended several Plannig Board meetings and gave us some excellent advice. He is available to help us in evaluating any problem subdivisions facing us in the future. Several graduate students working for the Region last summer visited Deering while preparing valuable studies on Natural Resource Inventory, Conservation Case Study, Impact of Tax Exempt Property on Communities, Historical Preservation and Historic Sites, and Community Facilities. A study was also done on Municipal Fiscal Management and a professional firm produced a Guide for Evaluating Development Proposals. These reports are either available now or in the process of being published. Mr. Richard Saunders spent the entire summer gathering information and preparing a draft of a Town Plan. The Town Plan Advisory Committee is now working from this draft and hopes to have the Plan completed during the summer of 1976. The Region is working with the committee and will publish the Plan when completed. Last spring the Region arranged for aerial photographs to be taken of the entire area. We have received a complete set of 49 photos at a scale of 1 inch equals 1,000 feet and a set for tax mapping purposes with a scale of 1 inch equals 400 feet, except for two which are of congested areas and have a scale of 1 inch equals 200 feet. The Region also printed copies of our revised Subdivision Regulations and check sheets. All these services were provided without any charge other than our annual payment which

was \$415 last year. Your representatives feel that the Town is getting a great deal of help for a small investment.

We have contributed our services without any remuneration and will feel well compensated if our efforts produce some lasting good in Deering. At the December meeting of the Region Mr. Nugent was elected to the Executive Committee.

(Mrs.) Marguerite Dutton  
Robert P. Nugent

## PLANNING BOARD REPORT

Regular meetings of the Planning Board were held on the second Wednesday of every month. Additional meetings were held in April and May relative to Flood Plain Insurance.

The regular meetings of the Board commence at 7:30 pm and end at 10:00 pm. During the good months of the year, the Board has met at the Town Hall. In the winter, meetings have been held in the Parish Hall of the Deering Community Church. With the refurbishments to the Town Hall going so well, it is hoped that this is the last year groups will have to find warmer quarters for the winter meetings.

Dr. James Carew was reappointed to the Board for a five year term. Dr. Carew was elected Chairman, Willis Merrill Vice Chairman and Beverly Yeaple Secretary. Robert Nugent, John Snow, David Feather and Tom Allen are the other members of the Deering Planning Board.

During the past year six Public Hearings were held - three relative to Flood Plain Insurance and three for subdivisions.

The subdivisions approved since March of 1975:

Marvin Hammar

Duggan, Arthur, Edward, Lawrence

Bruyneel, Stephen

Mitchie, Stuart

Young, Robert

Land Systems Inc. Lots 1-3, 13-16 and 19

The by-laws of the Planning Board were revised and adopted. A format for Subdivision has been prepared and anyone planning a subdivision may obtain copies of this form from the Town Clerk, the Chairman or Secretary of the Planning Board.

The Planning Board members have also been involved with work on the Town Plan, along with members of the Board of Selectmen and the Town Conservation Commission.

The members of the Planning Board appreciate the concern of all interested citizens and welcome the constructive opinions and suggestions that are presented. The complexity of regulations involving town Planning Boards continues to increase and takes more of the Planning Board's time. The Central N.H. Regional Commission has supplied the Board with a great deal of information and data relative to not only our Town but also to the region of Towns in which we live.

BEV YEAPLE

Secretary

## THE DEERING PLANNING BOARD BY-LAWS

- I. The name of this organization shall be the Deering Planning Board.
- II. The function of this Board shall be to recommend such measures as, in its judgement, will stimulate the orderly growth of the Town of Deering and promote the health, safety and welfare of its people; and to exercise all powers and functions granted to Planning Boards by statutes of the State of New Hampshire.
- III. The Board shall consist of seven (7) members. Of these, one shall be a member of the Board of Selectmen and six shall be chosen by the Selectmen. Term of office for public members of the Board shall be five (5) years. One member shall be appointed annually following the annual Town Meeting, otherwise only following a resignation or loss of membership for other reason.
- IV. Annually, at its first meeting following the annual Town Meeting, the Board shall elect a chairman, a vice-chairman and a secretary. Term of office shall be one (1) year but officers of the Board may succeed themselves. Duties of the chairman shall be: to preside at all meetings and public hearings; to determine the agenda for these meetings; and to represent the Board and to present the Board's business at all public meetings. Duties of the vice-chairman shall be to carry out the duties of the chairman in his absence. Duties of the secretary shall be: to keep minutes of all meetings; to handle correspondence for the Board; and, when necessary to act as treasurer for the Board.
- V. Regular meetings of the Board shall normally be held on the second Wednesday of each month except where such dates conflict with legal holidays, and excepting the months of June, July and August when the Board may vote to meet at greater or irregular intervals. Other meetings shall be held at such times and places as the Board or its chairman shall determine.
- VI. A quorum shall consist of three (3) members for the enactment of regular business with exceptions that: (1) final ap-

proval of a subdivision of four (4) or more lots; (2) amendment to the subdivision regulations of the Town of Deering; (3) amendment to these By-Laws; and (4) the adoption of a new policy or eliminating of an existing policy shall require the approval of four (4) of at least five (5) members present and voting.

- VII. Meetings of the Board shall be conducted in accordance with accepted rules of order and procedure.
- VIII. All operating policies of the Board shall be voted as required in Article VI. Policies thus adopted shall govern the procedures of the Planning Board in the conduct of business. All adopted policies shall be placed in a *Policy File* in the Board's files and shall be reviewed at least once annually following the election of officers at the meeting in March.

These By-Laws were unanimously adopted at a regular meeting of the Deering Planning Board, Wednesday, December 10, 1975.

## CONSERVATION COMMISSION REPORT

In February, the brochure culminating several years' work and funded by the Ford Foundation, was sent to each Deering taxpayer as well as to libraries in the area, to the Conservation Commissions of the neighboring towns and to the State Senators and Congressmen. Many favorable comments on the publication were received by the Commission.

Clean-up Day, again, was held in early May. Fortunately, since the number of participants was less this year, the amount of debris was also smaller. It is hoped this indicates a trend of more citizen responsibility towards littering. Lunch was served by the Commission to about 30 volunteers at the Parish Hall.

Judy Wilson's attendance at Spruce Pond Conservation Camp in June was sponsored by the Commission. On her return she attended one of the Commission meetings and reported on her interesting experiences at Camp. She also showed the Commission a collection of hand-outs received at camp that will provide her with reference material as she pursues her interest in the environment.

In August, a well-attended pot-luck supper for Deering residents was sponsored by the Commission. It was held as a preliminary to a meeting held by the Planning Board in the Town Hall.

Villa Ramsay, Bill Kulbacki and Marguerite Dutton attended the annual meeting of the New Hampshire Association of Conservation Commissions in Andover. This year's theme was "The Conservation

Commission as Steward of the Land".

The Deering delegates attended the following workshops:

The Public's Right to Know, John Shortlidge, Chrmn.

The Commission as Grantee, Ash Hallett, Chrmn.

The Municipal Forest, Sarge Goodhue, Chrmn.

The Commission is pleased to note the acquisition of two parcels of land by the Town. One, the 13 acre Sleeper lot, adjoining the Gregg lot in the northwestern part of town, was a Bicentennial gift from the Deering Association. The other parcel, a much smaller one, bordering both sides of Center Brook in northeast Deering was a gift from Herve Aucoin. Mr. Aucoin's generosity will provide access and parking area for fishermen of Center Brook. These parcels are now Town property and are held under the jurisdiction of the Conservation Commission.

Respectfully submitted,

MARGUERITE L. DUTTON  
Chairman

## HEALTH OFFICER'S REPORT

Water samples were taken from eight (8) different locations on Deering Lake on September 1. Results of all samples showed the water to meet New Hampshire Class A standard for public water supply before treatment and normal for inland waters free of sewage pollution - wonderful! !

The analysis of the water showed a decrease in Coliform bacteria over the previous year. This can be attributed partly to the abundant rainfall during the summer months. However, it is a most encouraging report for all of us in Deering, and does indicate the concern of those residing at the lake, or those merely using the water for enjoyment, for protection of our natural resources. The Health Officer would like to thank Mr. Louis Roy, publicly, for the use of his boat and his time assisting with collection of the water samples.

Several areas where violations of the health standards were observed within the community were visited and, in most cases, appropriate corrective action was taken.

The Town beach and picnic area is still in need of proper policing during the summer months. Unfortunately, there are still people who use this area for their *dump* as well as for their recreation - and I do not mean to infer Deering people, but rather, outsiders.

A serious shortage of medical personnel, particularly doctors, exists in our area at this time. The Health Officer is a member of the Medical Needs Committee of the Hillsboro Chamber of Commerce which is presently trying to come up with a solution to the

doctor shortage. Emergency medical assistance is being offered by the Hillsboro Rescue Squad and, also, the Concord Hospital Emergency Unit. It is hoped that the problem may be solved soon. The Committee welcomes any assistance in this endeavor by interested citizens.

May this Bicentennial year, 1976, bring good health and prosperity to all.

Respectfully submitted,  
Dr. JAMES M. CAREW  
Health Officer

## POLICE DEPARTMENT REPORT

The year of 1975 was a busy one for the Deering Police Department. During the year we responded to a variety of calls.

As you know, one of the major problems in Deering is breaking and entering. Police patrol was increased this year, which resulted in a substantial decrease in this crime over the previous years.

Another problem that many people have expressed concern over, is vehicles speeding on town roads. In order to reduce this problem and the potential hazard connected with speeding vehicles the Department purchased a Moving Radar Unit. The Radar has proven to be a valuable piece of equipment.

As we have requested in the past, please notify us if your home is going to be vacant for a period of time. While on patrol we will check your house periodically. Within the past year several residents have cooperated with this request.

During the year I attended a class for part-time police officers given by the New Hampshire Police Standards and Training Council. Attending this class has resulted in my certification as a part-time police officer. The information I have obtained from the class I will pass on to the other members of the Department in order that we may better serve you.

Respectfully submitted,  
WILLARD A. CAMPBELL  
Chief of Police

# REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Upon the recommendation of town selectmen and city councils, the Division of Forests and Lands appoints a forest fire warden and several deputy forest fire wardens in each town and city every three years. The town or city warden is responsible for maintaining a force of men and adequate equipment to suppress any wildfire that occurs in his town or city during his term of appointment. The fire warden must authorize all open burning when the ground is not covered with snow. No open fires can be authorized between 9 a.m. and 5 p.m., unless it is raining, without the additional permission of the State District Fire Chief.

Any person wishing to kindle an open fire when the ground is not covered with snow must first obtain the written permission of the forest fire warden. Camp and cooking fires also require the warden's permission.

The Division of Forests and Lands, through its Forest Fire Service, assists all cities and towns in meeting these requirements by training the warden and deputy forces in wildfire suppression tactics, making hand tool suppression equipment available at fifty percent of cost, supplying pieces of Federal excess property for use as fire attack vehicles and sharing up to fifty percent of the cost of wildfire suppression costs.

Wildfire prevention is also a joint state, city or town program. Smokey Bear is available from the Forest Fire Service for local fire prevention programs. Posters and Junior Ranger kits are available for distribution by local fire departments upon request to the Forest Fire Service. Each forest fire warden is expected to carry on a continuous wildfire prevention program within his town or city.

## DEERING HIGHWAY SAFETY COMM. REPORT

This year saw the formation of the Deering Highway Safety Committee to function as an advisory group to make recommendations based on their observations in their various areas. These recommendations pertaining to highway safety will be made to the Board of Selectmen or the Chief of Police.

Secondly, this Committee is a necessary prerequisite to Deering's receiving any available funding from the Highway Safety Commission of New Hampshire.

Membership on the Committee is for a period of 3 years — 2 members' terms expiring coincidentally with Town Meeting.

The Committee endorsed the Police Chief's action to purchase a radar unit funded fifty percent by the Crime Commission.

The Committee recommended the specific limit of 25 M.P.H. on the Clement Hill Road from Route 149 to Dudley Hill Road.

It was deemed advisable to have the Committee act on the application for highway signs. Approved applications would then go to the Selectmen for action.

## HISTORIAN'S REPORT

The foundation of our 1788 Town Hall needed repairing this year and during the summer that work was done. Having appropriated funds for the renovation of the Town Hall, other repairs and improvements are under way, including re-roofing the building and repairing the hall ceiling. A contract has been awarded for insulation and storm windows so our winter meetings should be able to be held in a more comfortable atmosphere than has been the case heretofore. Perhaps we should get our Town Hall registered in the list of Historic Sites, as some of the State's older buildings now are.

An informational meeting was held in August to present the Town Plan for Deering. This was preceded by a pot luck supper, ensuring a fairly good attendance at the meeting. Questionnaires had been sent to each family in town prior to this meeting and the responses were tabulated and presented to those present.

A committee to plan a celebration of our nation's bicentennial was appointed with Edwin Dutton chosen as chairman. This committee sponsored a successful auction and also carried out the preparations for Tom Rush's concerts - the profit from the concerts has been given to the Town to help with the Town Hall renovations. This committee has been assembling information about Deering and has decided to work toward the publication of a town history, since

more than 100 years have passed since George Patten's Historical Sketch of Deering appeared in the History of Hillsborough County.

Those of you who have not returned the questionnaire about Deering are urged to do so promptly. Your recollections, no matter how insignificant they may seem to you, may be just the bit of information we need to make the description of some event complete.

We are not planning as elaborate a celebration as for the Town's Bicentennial, hoping the history may serve as a permanent reminder of Deering, New Hampshire and the United States of America to the present time.

MARJORIE A. HEATH  
Historian

## TOWN PLAN ADVISORY COMMITTEE REPORT

New Hampshire State Statutes require the Planning Board of each Town to prepare a Town Plan. Many Towns have hired professionals to accomplish this task and, as a general rule, they received a "manufactured" plan. The Deering Planning Board feels that our plan should be by the people and for the people — what we want for the future of Deering, not what some outsider thinks we should have. This kind of plan costs much less but takes a great deal longer to prepare.

We are not against advice and assistance from outside the Town and in 1974 the Central New Hampshire Regional Planning Commission prepared a "land use" map, a "soils" map and an "open space" map for our plan. In 1975 they furnished one man who spent most of his time for ten weeks gathering the statistical data and preparing maps and charts for our use. In 1976 the Region will continue to assist us in any way we request and will print 100 copies of the final plan.

In August 1975 the Conservation Commission put on a "Pot Luck Supper" at the Deering Community Church followed by a Planning Board sponsored meeting in the Town Hall to discuss the Town Plan. Nearly 100 people attended the supper and over one hundred came to the Town Hall meeting. This convinced us that the townspeople are interested in planning for our future growth.

A Town Plan Advisory Committee has been formed, consisting of the Selectmen, the Planning Board, and the Conservation Commission. This group is currently working with the data already prepared, supplementing it where necessary and eliminating anything not pertinent. We are working on it in small segments, discussing each one thoroughly to be sure we have all the information avail-

able and that our conclusions and recommendations are sound and practical. Eventually we will complete the Plan which will then be presented to the people of the Town for discussion and changes as required. When we feel we have the Plan the people want we will present it at a Town Meeting for vote and hopefully adoption. Although the Planning Board is authorized to adopt the Plan without vote of the Town we feel that unless the people of Deering know what the Plan is and are in favor of it, it is worth little more than the paper it is written on.

The Committee welcomes suggestions and help from any and all townspeople. We normally meet on the first Thursday of each month at 8 PM at the Town Hall in summer and in the Parish Hall of the Deering Community Church during the colder months.

For the Committee

ROBERT P. NUGENT

Chairman
